# Love Your Stream

Look for more tips that families can help keep trout healthy!

We can all do our part... and you'll be a hero!

Love the stream, meadow, or wetland near your home by helping your family take good care of the plants, water and soil in your backyard.

## Here's how you can help:

- Pick up after your pet!
- Use a water hose!

- Set up a rain barrel.
- Keep litter out of creeks.
- Make a worm bin.

- Leave wildlife alone.
- Make a compost fence.
- Build a rain garden.

- Build a log house.
- Minimize use of chemicals.
- Provide water for wildlife.

Remember, the more trees and plants that you and your family plant along the stream, the healthier the stream will be!

Don't Be Mean! Keep Our Water Clean.
